

## The NextAgency Glossary

| Term                          | Definition   | Related Terms  |
|-------------------------------|--|--|
| <b>A</b>                      |  |  |
| Action Items (Tasks)          | A series of items that need to be completed to complete a task. Milestones or sub-tasks within a Task.   |  |
| Activities (Agency)           | A log of significant actions taken by Users in your agency such as changes to renewal dates, updating contacts, etc. The Agency Activity Log shows these events for all users in connection with all Cases.                                |  |
| Activities (Case)             | A log of significant actions taken by Users in connection with a particular case.  |  |
| Administrative Broker         | Users with no limit as to what they can view and do in NextAgency.   | Users, Writing Brokers, Broker Support, Agency Support, Roles, Permissions         |
| Agency Library                | A virtual file cabinet. A directory of folders and files accessible to every User. However, specific folders in the file cabinet may be designated as private and viewable only by the creator of the folder.                              |  |
| Agency Support                | Users who can view all cases in NextAgency, but may be limited by Permissions as to what they can do and which tabs they can view (e.g., they may not have the permission to view the Commission tab).                                     | Users, Administrative Brokers, Writing Brokers, Broker Support, Roles, Permissions |
| Archive                       | Archiving a record removes it from the active view, but does not delete it. This declutters your active view but keeps the archived item accessible if needed. You can view archived items by selecting Archived in the header or filter.  |  |
| Associate                     | An action that connects one record to another. For example, a contact as a dependent.  | Disassociate, Contacts   |
| <b>B</b>                      |  |  |
| Benefits                      | The product sold to a client. Usually an insurance policy, but could be a financial product, administrative services, etc.   |  |
| Blue Navigation Pane          | The menu of links along the left side of nearly every page providing one click access to the most frequently used pages and tools. Tucks to the side of the page by default, but may be locked open position by clicking on the lock icon. | Fast Access  |
| Bounce Rate (Email Campaigns) | Emails not delivered in an Email Campaign. Usually the email address has changed or is misspelled  | Email Campaigns, Spam Rate, Success Rate, Opened Rate                              |
| Broker Support                | User who can view only cases on which the Broker to which they are assigned is associated or which they are directly associated. May be limited in what they can do or which tabs they can view on those cases.                            | Users, Administrative Brokers, Writing Brokers, Agency Support, Roles, Permissions |
| <b>C</b>                      |  |  |

| Term                        | Definition  | Related Terms                                     |
|-----------------------------|---|---|
| Carriers                    | Entities who "manufacture" policies and benefits. Used in NextAgency to describe any entity that pays your agency compensation.   |   |
| Case Library                | A virtual file cabinet. A directory of folders and files pertaining to a specific case. Exists simultaneously in the Agency Library   |   |
| Cases                       | A catch-all term for the prospects, clients, leads and other entities you track in in NextAgency. These are listed in the Sales Status field.   | Sales Status                                      |
| Checklists                  | A way to implement your agency's procedures by creating a chain of tasks in which each task is created by the completion of a prior task. May be launched manually or by a workflow.  | Tasks, Workflows                                  |
| Confidence                  | Initially intended to Indicate your agency's expectation for closing a sale. Has come to be used to rate cases on whatever basis your agency chooses.   |   |
| Contacts                    | Directory of individuals whether associated with cases, carriers, GAs or other entities. Your rolodex. There is an agencywide Contacts list accessible through the Blue Navigation Bar and lists for cases, carriers, GAs, etc.     |   |
| Custom Field                | User defined fields for storing data concerning benefits, cases, contacts, commissions, tasks, notes and sub-agents. May be formatted as text, numbers, currency, percentages, dates and drop down menus selections.                |   |
| Customize Columns (Reports) | A tool in all reports enabling Users to set the order in which fields will appear in reports. Reports will be sorted based on the first column.   |   |
| <b>D</b>                    |   |   |
| Dashboard                   | A page enabling a User to quickly view and analyze data maintained in NextAgency through Tiles (mini-reports) selected by a User.   |   |
| Directory                   | A list of your agency's NextAgency Users along with contact information.  | Contacts, Users                                   |
| Disassociate                | Removes an association between a contact and a record. For example, removing an employee from a group.  | Associate, Contacts                               |
| <b>E</b>                    |   |   |
| Email Campaigns             | A tool enabling agencies to blast out emails or newsletters to selected contacts.   | Success Rate, Opened Rate, Bounce Rate, Spam Rate |
| External Users              | Users outside of your agency able to sign into NextAgency. They may only view designated tabs for cases with which they are associated. They may download their own commission statements. They cannot edit, add or delete records. | Users, Seats                                      |
| <b>F</b>                    |   |   |

| <b>Term</b>         | <b>Definition</b>   | <b>Related Terms</b>         |
|---------------------|---|------------------------------|
| Fast Access         | A dropdown menu in the Blue Navigation Pane that provides quick access to pages and tools that tend to be access less frequently than items listed on their own in the Blue Navigation Pane.                        | Blue Navigation Pane         |
| Filters             | A tool to narrow the data set you'll see in tables and reports by selecting various fields -- including your custom fields. This helps you zero in on the information you need.                                     | Tables                       |
| Footer              | The part of a page in NextAgency that presents links to our privacy policy, help desk and other system information.   | Header                       |
| Freeze Header       | A means of keeping the header in view even when scrolling down on page within NextAgency. Click on the lock in the header (below your name) to freeze and unfreeze the header.                                      |                              |
| <b>G</b>            |   |                              |
| General Agents      | Upstream product distributors. Also known as General Agencies and GAs. Also includes FMOs and similar marketing organizations.  |                              |
| Green Question Mark | A Help Button icon (a white question mark in a green circle) located in the header on every page in NextAgency through which Users may ask for assistance from customer support.                                    | Help Desk                    |
| <b>H</b>            |   |                              |
| Header              | The part of a page in NextAgency displaying filters, buttons and generic information as opposed to your agency's data.  | Footer, Freeze Header        |
| Help Desk           | A library of useful articles, videos and FAQs in which you'll find answers to many of your questions. The Help Desk may be accessed by the link in the footer of pages within NextAgency.                           | Green Question Mark          |
| Home Page           | The page you arrive at when first opening NextAgency or when clicking on the NextX (the stylized X above the Blue Navigation Pane. Users may set their own home page in Settings -> Agency Settings -> Preferences. | Preferences                  |
| <b>I</b>            |   |                              |
| Integrations        | Connections between NextAgency and other software you may use (e.g., Ease, Outlook, Gmail) enabling them to share data.   |                              |
| <b>L</b>            |   |                              |
| Libraries           | Virtual file cabinets. A directory of folders and files. In NextAgency there is an agencywide library and case-specific libraries.  | Agency Library, Case Library |
| <b>M</b>            |   |                              |
| Mapping             | When setting up data imports, identifying the fields in NextAgency which correspond to the column headers (labels) in the source spreadsheet.   |                              |

| Term                          | Definition  | Related Terms   |
|-------------------------------|---|---|
